**Subject:** SAVE IN CASE OF APPROVAL - DATA PAGES

Hi Tim, if and only if EOC / Jennifer or John Senn gets back to you (you may have to ask them), and says the new Data pages are OK to post, here is the list of the pages.

You would also need to add a link at the bottom of GKM home page to the "home data page" first link, below, and remove the current data bullets on GKM home.

### **home data page**

Data from Gold King Mine Response

Gold King Mine Data, August 13, 2015

Gold King Mine Data, August 12, 2015

<https://wcms.epa.gov/goldkingmine/gold-king-mine-data-august-12-2015>

(there is no Aug 11 page)

Gold King Mine Data, August 10, 2015

<https://wcms.epa.gov/goldkingmine/gold-king-mine-data-august-10-2015>

For data pages in the future, we can just "clone" the most recent data page.
